

PRINTSHOP 1 – (formerly Figurteckning 1)

Ädellab/BA1 1,5 hp

V. 6 – 23 -- (examineras i V. 23 vid moment Evaluation)

Kursansvarig lärare: Beatrice Brovia

Medarbetande lärare: Lars Erholm för intro till Printshop, samt Ädellab lärare vid Evaluation i v.23

Innehåll och Syfte:

The course Printshop 1 (formerly Figurteckning 1), is composed of an introduction to the Print Shop, led by teacher Lars Erholm, and a following independent working period, whereby each student will apply and develop the techniques they have been introduced to, as part of an individual project. The individual project will be examined during Evaluation, in week 23.

The individual project for the BA1, is formulated as follows:

Each student will develop and finalize a **photographic investigation**, using as a starting point one of the projects that they have finished during the first year of their studies (HT 2018 – VT 2019).

Each student is invited to:

- reflect over their practice throughout the year;
- select one of their own projects and to contextualize it further through a photographic investigation;
- research relevant formats, digital printing techniques, materials, and methods of working with images, in order to communicate and contextualize the project/work you'll be focusing on.

The main objectives of the course are:

- Introduction to digital printing techniques;
- Developing related skills and competences;
- Reflecting on own artistic practice;
- Contextualizing own work through photographic investigation.

Att tänka om:

- Reflection over own artistic work and expression
- To communicate visually and to contextualize own artistic work
- To research and challenge formats
- Exploring materials and digital printing techniques
