In a safe, effective and environmentally way be able to use machines and equipment in the workshops

Independent studies:

After completed course the student should have an ability to:

Formulate, plan and produce an independent studio work within the main field of Craft, Ceramic and Glass

Use relevant method, technique and presentation of the current work

Discuss their chosen position within the field in relation to their presented artistic work

Demonstrate an experimental, investigatory and critical reflective approach in relation to their own and other's work

Complete an independent formulated project for an exhibition context, inclusive of press text and artist statement

Reflect on an expanded exhibition concept

Entry requirements

General entry requirements.

Grading scale

The course uses the grading scale Fail (U) or Pass (G).

Forms of examination

Examination is being done by supervision and in verbal and physical presentation.

The examiner is responsible for providing the grading criteria for the examination, and for these to be published on the intranet.

Students who receive the grade Fail (underkänd) in an examination are entitled to take a further five tests as long as the course is given, in order to achieve the grade Pass (godkänd). Students who fail an examination twice by an examiner are entitled to request that another examiner is appointed to decide grades for the test. A request should be made to the Head of Department.

Reading list and other study material

The reading list is presented as an appendix to the course syllabus.

Additional information

The department is responsible for other essential information, such as detailed teaching methods and grading criteria, to be available for students before the start of the course.

This course may not be credited towards a degree together with similar courses taken and passed, where the content is completely or partly the same as the content of this course.
